CLUB "A" TAMAR.

These teams met on the Club ground,
the result being a win for the Club by
the only goal scored. The Club were
valued for their win as most of the play
was in the Tamar's half. The scoring was
low owing to the faulty shooting of the
forwards on both sides, the Club wing
men again trying to score goals from the
touch lines. Brodie led the attack for
the Club, but on the whole was slow to
accept some very neat passes from the
middle line. Forsyth played a good forward
game but was occasionally offside,
failing to drop back after being beaten
close in and when the ball was returned
by the Club defence he was offside. Key
was not in his usual form. Although
the goal scored came from a fine cross
shot from Johnstone, his shooting on the
whole was wild. The sailors' front-line
could not settle down owing to the Club's
middle line sound play. Bishop and
Summers were safe, Bishop doing most
of the rushing, while Summers was con-
tent to wait for the ball. However, he
made few mistakes and cleared with judg-
ment. The half-time score was a blank.

From the re-start, the Club took up the
attack but shooting again was at fault.
Summers and Hanwell for the sailors had
good openings but sent in wide. Wavish
was lucky to turn a shot from Brodie
round the post, throwing himself full
length to stop a goal. The Club forwards
came down with a rush and Johnstone,
receiving close in, sent in a shot that
landed high in the net and won the game
for the Club.

A shot from Brodie towards the close
had Wavish beaten but luckily for the
Tamar the ball hit the post and Leam
cleared. The final whistle found the Club
winners by a goal to nil.

The teams were:
Club.—G. Rodger, Summers and
Bishop; Blair, J. Stewart and Howard;
Pile, Forsyth, Brodie, Johnston and Key.
Tamar.—Wavish, Fitter and Leam;
Sandy, Carter and Regan; Hanwell,
Summers, Rowkins, Blake and Birchall.
Referee: Mr. F. Smith.

SURREYS v. SOUTH CHINA.

The stands were filled and the goal
ends packed before this game started on
the Garrison "A" ground. Spectators
were not disappointed for the result was
in doubt until the final whistle sounded.
Each side scored from a penalty in the
first half, the final score being a goal all.
The Surreys had the advantage forward
and South China in defence, Chan So
and Lau Hing Cheung saving South China
from defeat. Humberstone had several
good openings but lifted the ball over the
top when he had Lau only to beat.
Eaton and Butler put in some fine shots
while Charlesworth and Macklesworth
were good on their respective wings.
Douglas made the mistake which almost
cost his side the match coming out to
meet the ball which he misjudged; but
Jordan dropping back saved what would
have been a certain goal. South China
were the first to score, Jordan handling
in the penalty area and Douglas failing
to see the ball from a lightning drive by
Chan So off the spot.

This livened up the play and for a time
the Surreys kept the ball near the South
China goal. Their chance came when
following a scrimmage in the goalmouth
they were awarded a penalty and Mitchell
being entrusted with the kick easily beat
Lau Hing Cheung and made the score
one all.
Lining up with the scores equal, the
Surreys soon took the ball to the Chinese
goal but failed to turn to account two
well placed corner kicks. South China
made one or two visits to the Surreys goal
and on one occasion Douglas almost gave
away a goal, but Jordan cleared amidst
appeals by South China for a goal.
The Surreys then returned to the attack
but failed to get the ball into the net.
The final whistle sounded with the half-
time score unaltered.

The teams:—
Surreys.—Douglas; Cooper and Jordan;
Petter, Mitchell and Bristowe; Charles-
worth, Eaton, Humberstone, Butler and
Macklesworth.
South China.—Lau Hing Cheung; Ng
Fam Cheun and Chan So; Leung Yik
Ting, Wong Shiu Wa and Lam Yik
Ying; Cheung Kam Cheun, Suen Kam
Shun, Wong Pak Ching, Leung Wing Tai
and Chan Kwong Lu.
Referee: Mr. Smith, R.A.

KOWLOON v. POLICE.

This game at Kowloon attracted a
large crowd and ended in a win for
Kowloon by two goals to nil. McKelvie
was absent from the centre half posi-
tion and Duncan was also absent from
the home side. Dr. Valentine and A. E.
Clarke were absent from the Police, John-
son resuming in the forward line while
Swan came out to complete the side. The
game greatly favoured the home team and
but for the good keeping of Swan and the
sound defensive play of Wynne the score
against the Police would have been very
heavy. Cavaille, well supported by
Turner and Hayes, kept the Police attack
well under, while the Police middle line
seemed to lack understanding in their
play and the home forwards had an easy
time. Linaker opened the score for Kow-
loon and although the Kowloon forwards
were continually attacking they failed to
beat Swan again before the interval.
From the re-start, Swan was early
offending but successfully dealt with the
attacks. However, Kowloon would not be
beaten, and following good work by Aus-
ton, McKelvie beat Swan from close range
and made the game safe for Kowloon.
The Police forwards tried hard to pull
the game round but met a stubborn de-
fence and had to retire beaten by two
goals to nil.
The teams:—
Kowloon.—Vickers; Wheeler and Read;
Turner, Cavaille and Hayes; Taylor,
McKelvie, Linaker, Austen and Mason.
Police.—Swan; Wynne and Harle; Brit-
ton, Oram and Post; Cornwall, McEwen,
Nolan, Johnson and Randall.
Referee: Mr. Windsor.

CLUB DE RECREIO v. R.A.

Although this game at Sookunpoo was
expected to be very even the result came
as a surprise even to the players and the
Recreio supporters. Prior to this game
Recreio had failed to secure a point
in senior football and their first win by
a great margin as 5-2 should give them
a further success. The R.A. were un-
lucky to lose Sower their outside left.
The R.A. took the lead early in the
game. Rocha soon scored for the Recreio
and then a tussle ensued. Hensworth at
last scoring for the R.A.
Crossing over, a goal down the Recreio
brought Fuentes to the inside position
which made a decided improvement in
the attack. During the second half
Fuentes scored twice, Fuentes and Rocha
over, and the R.A. failing to respond
were defeated by five goals to two.
The teams:—
Recreio.—Fernandez; Ogley and
Xerez; Souza, A. Remedios and H.
Reedios; Fuentes, Alves, Gogano, Rocha
and Brown.
R.A.—Moore; Trimm and Doody;
Pavell, Rende and Newham; Palford,
Hensworth, Dolbear, Sower and Sanda.
Referee: Mr. Spendiff.

KOWLOON RES. v. H.K. CLUB RES.

The teams met on the Kowloon
ground, the home team winning by three
goals to nil. Latham scored twice, a
penalty half and Eastman turned a well
placed centre from Morris in the second
half past Slipper. The game was more
even than the score indicates but Kow-
loon deserved their win.

ST. JOSEPH'S v. SOUTH CHINA "A."

The result of this match came as a
surprise to the followers of the game,

A TREMENDOUS SUCCESS.
M.C.L. FETE AT GOVERNMENT HOUSE.

The beautiful grounds of Government House were the scene on Saturday of the annual fete and sale of work held under the auspices of the Hongkong Women's Guild and Ministering Children's League.

The Hon. Sir Claud Severn addressing His Excellency the Governor (Sir Edward Stubbs, K.C.M.G.), before the opening of the sale said that the members of the Hongkong Women's Guild and Ministering Children's League were greatly obliged to him for having given the grounds of Government House at their disposal, and they hoped that this year's celebration would be even more successful than any that had gone before. There was everything in its favour—remarkable weather and a willing band of helpers. They all greatly regretted that it was the last occasion on which His Excellency would be present at this celebration, and there was the more reason that the last one should be the best! (Applause.)

The Hon. H. W. Bird said that the members of the Committee had asked him to express their regrets that Lady Stubbs was not present on this occasion. They all knew of the great interest she took in the object and of her great enthusiasm. (Cheers.) Continuing, he said that despite all the difficulties and drawbacks and the hard times the members of the Committee had endeavoured to keep the flag flying. Another matter for great regret was the absence of Lady Severn, but she had sent from Oxford to Mrs. Creasy that day a telegram as follows: "Good Luck to the Bazaar." (Applause.)

H.E. The Governor, replying, said that it was very glad to place the grounds of Government House to the Hongkong Women's Guild and the Ministering Children's League. He regretted the absence of Lady Stubbs and Lady Severn, since they had both taken great interest in the League and had worked hard for it. But in their absence Mrs. Creasy had been very successful in carrying on the work. (Cheers.) In conclusion His Excellency said that, in the absence of Mrs. Lauder, Mrs. Russell Brown would open the bazaar.

Mrs. Russell Brown, in declaring the bazaar open, said that she joined with the sentiments aptly and ably expressed by the former speakers. (Cheers.)

Amongst others present were:—Mr. T. J. Craisford, St. Lawrence, Captain Swinton, M.C., the Hon. Mr. P. H. Holyoak and Mrs. Holyoak, Commodore A. J. B. Stirling, the Right Rev. C. R. Duppuy, D.D. (Bishop of Victoria), and Mrs. Duppuy, Col. Russell Brown, D.S.O., and Mrs. Russell Brown, the Hon. Mr. H. W. Bird and Mrs. Bird, the Hon. Mr. H. T. Creasy, the Rev. G. T. Waldergrave, the Rev. R. J. Northcott, the Hon. Mr. Chow Shou Son, the Hon. Mr. R. H. Kotewall, and a large body of helpers whose names are given elsewhere.

THE BAZAAR.

The attendance was very large, there being present amongst a host of Europeans a large number of Chinese ladies. The weather was ideal, cool and invigorating with a clear blue sky. The stalls, very effectively decorated, were placed in different parts of the grounds and at every corner, nay, almost at every step, one encountered pretty vendors of cigarettes and candies, and raffle-ticket sellers.

An interesting feature was the ice-cream carts, which had been ingeniously made up. The candy stalls were the continual resort of the children, but they also patronised the Lucky Well and the Brans in large numbers. The Dolls' House for the raffle of which numerous tickets at 50 cents each were sold, was wonderfully made and designed. The Naval, Military, Peak, Victoria and Police stalls had a wonderful assortment of embroidery, children's clothing, and toys. An excellent stall was that of the Peak Children's. The work had been done by them, and showed skill and artistry. The St. Paul's Girls' School had two stalls. There were tapestries from Nanking and toys from abroad, and cushions and cricket work made by the students. There was a thousand dollars' worth of goods on the Dollar stall and within an hour and a half \$600 had been realized. The cigarette stall, was a miniature Hongkong Cigar Store. The gold fish pond was well patronised and the Hon. Mr. Creasy and the Hon. Mr. Chow Shou Son were seen trying for a long time to throw the elusive balls into one of the jars. Our representative watched them fail with about fifty balls and could not wait to see whether they accomplished the feat at last. At the time Sir Claud Severn with a bundle of notes in his hand was at the embroidery stalls. The Colonial Secretary seemed to be a busy buyer. Then away to the left lay the pitch for Clock Golf and H.E. the Governor was having a game with Col. Russell Brown. His Excellency lost. There was a beautiful stall arranged by Bellios Girls' School, an excellent parcels stall, the naval chute which the children seemed to love immensely, the roll, bowl or pitch, something akin to the "Aunt Sally" of the old English fairs. A novel sight was the silk-worms' exhibit. The worms were seen in the egg, caterpillar and the cocoon stage.

Ten was served on the tennis courts.

MISS CAPELL'S PUPILS.

At 4.45 p.m. some of Miss Violet Capell's pupils gave a dancing display in the Government House hall room. It attracted a large audience. All the seats were taken up and a large number of people had to remain standing. It was a wonderful success and each little dancer was deservedly applauded. Little Daphne Bird interpreted the spirit of the "Fairy Dance" beautifully, and Winnie Henderson's "Farewell" dance was a splendid conclusion to a programme and had been exceedingly well arranged and carried out. These little dancers cannot be compared, since each one was almost as good as another. Yet it is impossible not to refer to the brilliance of Daphne Bird in "Felix Keeps on Waiting." This dance was enthusiastically cheered. The dresses were all most artistically designed.

The programme which was arranged by Miss D. O'Keefe was as follows:

Fairy Dance Daphne Bird.

IMPERIAL CONCERT PARTY.

At 6 p.m. the ballroom was similarly crowded when the Imperial Concert Party took the stage. The artists are well known and the majority of the items were given by special request. These had been well received and caused great hilarity when for the same cause, the Party had given a concert at Commodore Stirling's tennis court at the Naval Yard some time ago. Once again "The Parsons' Riddle" had a tremendous success and Bert Burrows with "Your Old Old Feet" made everybody laugh. Audrey Steele and Doreen Smith were given a distinct success with "The Woods Mill Tree." All the artists gave of the best and every item was cheered. The concert was a splendid finale to the day's fete.

FINAL NIGHT FETE.
V.R.C. SWIMMING SEASON SUCCESSFULLY WOUND UP.

To wind up a successful swimming season, a final night fete was held at the Victoria Recreation Club on Saturday and proved a very enjoyable function.

There was quite a good attendance and there was a very large company present for the dancing which followed the aquatic events.

A feature of the swimming sports was the particularly fine diving exhibition carried out by some of those participating in the water events, and an excellent dive from the top platform by Miss M. George was very warmly applauded. Miss George has the honour of being the first lady to ever dive from the top platform, which is 30 feet above the water. She dived exceptionally well, especially as the dive was carried out at night, and she followed up her unique feat with other performances in diving. Messrs. W. Urquhart, N. Duck, T. King and C. Mackenzie were also responsible for some pleasing exhibition dives.

A novelty introduced into the programme was the ladies' nomination race in which ladies had to swim from one end of the tank to the other with lighted paper lanterns. Their male partners at the other end then had to swim back to the starting point with the lanterns still lighted and in addition carry an opened parasol in their hand. The race was both interesting and amusing.

The inter-company team race for the Hongkong Volunteer Defence Corps provided a keen contest between three teams, namely the Scottish Company, Armoured Car Company and the Infantry Company. The Scottish Company managed to get home by one second in an exciting finish.

At the conclusion of the aquatic sports, the Hon. Mr. P. H. Holyoak (the new Chairman of the V.R.C.), presented the prizes to the successful competitors. He said that the function had been a remarkable one in that a dive from the top platform had been accomplished for the first time by a lady. In view of the feat performed he had much pleasure in presenting Miss George with a little token in honour of it. He also thanked the other competitors who assisted in the diving exhibitions.

Mr. R. C. Wittichell (Secretary of the Club) thanked Mr. Holyoak for presenting the prizes and called for three cheers for him.

The Lyric Orchestra supplied the music for the dancing.

The following acted as officials:—
Time-keepers—Messrs. P. W. Ramsay, W. Anderson, R. C. Wittichell and D. Lyon.

A SEDITIONOUS LEAFLET.

DEFENDANT'S STORY ACCEPTED.

A fine of \$10 was inflicted on a Chinese by Mr. S. B. B. McElderry at the Central Magistracy on Saturday, for having possession of a seditious leaflet. Defendant, who was arrested on the Kai An on its arrival here on Friday, pleaded that he picked up the paper from the dock, and without paying much heed to the consequences, left the paper in his valise. He said that he was a British subject being born in Australia, and at present retained a small business in Tai O. His Worship accepted the explanation and imposed a nominal fine only.

MR. B. TANNER LEAVES.
FAREWELL SCENES ON THE
"FUSHIMI MARU."

Mr. B. Tanner, I.S.O., the ex-Headmaster of Queen's College, left for Home on the a.s. *Fushimi Maru* on Saturday morning, after twenty-seven years' service in the Colony in the cause of Education. Full reference to Mr. Tanner's long and useful career in Hongkong was made in *Saturday's Daily Press*.

Mr. Tanner was speeded on his way home with a send-off, the like of which has never before been seen in Hongkong, and the farewell gathering that assembled on the *Fushimi Maru* to wish him good-bye, good luck and a safe and happy voyage was of a memorable character.

At ten o'clock the launch *Flying Spar*, kindly placed at the disposal of Mr. Tanner by Mr. Chou Po Sin, headed a fleet of twenty other launches and made for the vessel. As the *Flying Spar*, which was flying Queen's College flag, with Mr. Tanner on board left Blake Pier, there was a tremendous discharge of Chinese crackers, with which every launch was well supplied. Boys from the College occupied four launches and the remaining craft carried friends of Mr. Tanner, past and present members of the staff of the College and old boys of the College.

A farewell reception was held on the *Fushimi Maru*, and was attended by about 400 people, who included representatives of practically every community. The first class saloon of the liner was taxed to its utmost to accommodate the record gathering. Among those present were Mr. A. G. M. Fletcher, C.M.G., R.E. (Assistant Colonial Secretary), the Hon. Mr. Chow Shou Son, Mr. W. W. Hornell, C.I.E. (Vice-Chancellor of the Hongkong University), Mr. G. N. Orme (Director of Education), Mr. E. Ralphs (Inspector of English Schools), Mr. W. Kay (acting Headmaster of Queen's College), the Rev. N. Evans, the Rev. G. F. Upsell, the Rev. Nicholas Carter, Messrs. J. F. Groves, Wu Wing, Ho Leung, Ho Kwong, Tse Tung Fong, Ng Fong Chan, Lee Hye San, Chou Po Sin, W. L. Handyside (Saiyungpin English School), Professor L. Forster (Registrar of the University and formerly a master at Queen's College), Mr. M. K. Lo, Mr. and Mrs. de Rome (Ellis Kadoorie School for Chinese), Messrs. J. Balston (Ellis Kadoorie School for Indians), L. G. F. Nightingale (Kowloon British School), G. Grimble (President, Q.C.O.B.A.), S. M. Churn, Lo Man Ho, J. J. Grose, Brother Aimar (St. Joseph's College), Mr. J. C. Fletcher and Mrs. Stubbings, besides other prominent members of the Chinese community and the whole of the European and Chinese staff of Queen's College, prefects, old boys and representatives from the different classes. The majority of those present were members of the Chinese community, but a very large number of friends of Mr. Tanner, who were unable to go on the liner, bade him good-bye at Blake Pier before he boarded the launch. The boys of the College remained in their launches, which circled the ship until it left.

Mr. W. W. Hornell proposed the toast of Mr. Tanner and was supported by Messrs. W. Kay, Tse Tung Fong and Ng Fong Chan. Mr. Tanner suitably replied. As the *Fushimi Maru* began to move away from her buoy it was the signal for another tremendous discharge of crackers and cheers from those in the launches. This was carried on continuously for over an hour, the launches accompanying the liner until she began to gather speed. The firing of crackers was not discontinued until the *Fushimi Maru* was out of sight beyond Green Island. As the vessel left her buoy, Mr. Tanner, from a point of vantage on the upper-deck, waved a Queen's College red and white flag until the launches turned back for Blake Pier.

Prior to the vessel leaving her buoy, Mr. Tanner from the gangway shook hands with everyone who had come to bid him good-bye as they left the liner.

THE CHUNG YANG FESTIVAL.
ANNUAL RUSH OF CHINESE TO
THE PEAK.

To-day, October 26th, or the 9th day of the 9th moon according to the Chinese calendar, being the day of ascension or the *Chung Yang* festival, the members of the Chinese Christian community will observe it as a memorial day in honour of their dead, while other Chinese will make a trip to the Peak or other hills to "avoid possible pestilence." The Peak tramway as usual will be kept very busy all day.

Among the Christian and other students in Canton and Hongkong, the *Chung Yang* or Double Nine festival will also be observed as Parents Day, when children young or old will wear two flowers in their button holes, two red flowers when both parents are living, two white ones when both are dead, and one white and one red, when only one is living. In school, the children will write letters home to their parents and, in their own rooms, will display family pictures, if they have them.

On Saturday evening and Sunday morning, the Chinese Y.M.C.A. held special meetings for both parents and children, when the Chinese teaching of filial piety was specially emphasized and modern conceptions of parental duty reviewed.

MILITARY SITUATION.
NEWS FROM VARIOUS FRONTS.
WAICHOV STILL IN THE HANDS
OF THE REDS.

[FROM OUR CHINESE CORRESPONDENT.]

Reports current state that the Reds on October 22nd succeeded in overcoming the anti-Reds at Hoifung and are now advancing further east.

Other reports indicate that the Swatow authorities are confident of being able to hold out against a further Red advance. They appear to be changing their plan of campaign and to be paying more attention to the Northern front than to the western. All the Szechuanese mercenaries and part of the Hunanese now in the North River districts are said to have agreed to come to the aid of the anti-Reds.

In the meantime, the West River supporters of the anti-Red movement have commenced action, and they are aiming at the capture of Kongmoon, which they expect to use as a base for their operations against the Reds in Canton. The other day, the Chinese cruiser *Tung-ken*, captured eleven patrol boats belonging to the Red garrison near Wanchai, Heung-an. Tang Pun Yen, general officer commanding in Southern Kwangtung, with the aid now being offered him by the Chinese cruisers in South China waters, has been able to dispatch two brigades for the service of the anti-Reds in the Szechuan districts. It is expected that all the former followers of the imprisoned Leung Hung Kai in these districts will join the anti-Reds.

Waichow City is still in the hands of the Reds, the anti-Reds having failed to recapture it on the 10th, when the casualties on both sides that day were heavy. The anti-Reds had laid mines in their barracks before the evacuation of the City on the 15th, and when the Reds returned to managed to fire the mines but failed to retake the city.

CANTON SCHOOL RAIDED.
TEACHERS AND STUDENTS
CARRIED OFF.

[FROM OUR CHINESE CORRESPONDENT.]

Bolsheviks in Canton on the night of October 21st, raided the Canton Middle School, Pui Ying, Fat, within the Harbour limit, and seized four teachers and 31 students, carrying them off in two Red Army launches.

The Kuomintang Headquarters attribute the outrage to bandits and deny the allegation that the failure of the Pui Ying students to ally themselves with the Red movement had aroused the enmity of friends of M. Borodin.

The school is a Chinese-American institution, founded by the late Rev. Dr. Henry V. Noyes of the American Presbyterian Mission more than 34 years ago, and has 600 to 700 students in all departments. On account of the unsettled conditions, the school was late in re-opening this summer, and when it was re-opened on October 15th, only a comparatively few students attended. The Kuomintang, it is understood, will treat those concerned in the attack on the school as ordinary bandits.

SEARCHING THE BOOK STORES.
Gao Ying Feng, commissar of home affairs in the Kuomintang Government, in Canton, has been granted permission to destroy all literature detrimental to the interests of the Kuomintang revolutionary government. Book-sellers in Canton are now, therefore, searching all Confucian classics and many other publications from the Red inspectors.

VARIOUS ITEMS.
The Reds have decided to fine the inhabitants of Waichow City \$200,000, for supporting the anti-Reds and they are making the Cheong Chan Firm advance \$84,000 on behalf of other shops leaving this firm to reimburse itself later.

The anti-Reds occupying Chinshan and Wanchai near Macao on October 23rd took into custody more than 10 strike pickets, and traffic between those places has been restored.

All native banks and pawn-shops in Sunwui City, near Kowloon, have been closed to business since October 20th, as a protest against a Red levy of \$300 from each firm for military purposes.

The final investigation relating to the number of houses destroyed in the great fire around Wing On Street, Canton, on October 19th, gave it as 182. Altogether nine streets were involved.

M. H. Yung, chief engineer of the Yueh-Hai Railroad in Canton, who has been in the service for the last 20 years, has been dismissed by the Bolsheviks. As a protest, more than 300 employees of the works department of the railway are now out on strike.

WEEK-END MAILS.

Mails from Home and Europe arrived during the week-end by the a.s. *Kaitang* and the *San Francisco Maru*.

The former vessel came into port on Saturday morning, and 146 bags were landed. Of these 72 bags were papers from Europe via Negapatnam (London, September 24th).

The *San Francisco Maru* arrived yesterday morning and brought 45 bags of letters which came on the same route as the paper mail and were of the same date. This included a number of bags from the United Kingdom.

Home and European mails via Suez (letters and papers dated London, 1st October) are due by the P. & O. s.s. *Kalyan* on October 31st.

EDUCATION IN HONGKONG.
[TO THE EDITOR OF THE "HONGKONG DAILY PRESS."]

Sir,—The Hon. Sir H. E. Pollock in his speech at the Legislative Council referred to Education and to what the U.K. Government ought to make it its business to teach in the Schools. H.E. The Governor in his reply said that it must be admitted that something has gone wrong with Education, as applied to the Chinese from Western quarters. It struck me that all these remarks were in favour of the Head Teachers or Teachers' Conference which the Committee of the Diocesan Boys' School suggested to the Board of Education.

H.E. The Governor also said that the Director of Education is devoting much time to the discussion of this subject. I think, that in view of the tremendous importance of this subject, most people would expect that the Teachers in the Colony, English and Chinese would be consulted. In the past they have had no voice in the educational policy in the Colony and thereof cannot be blamed for the many obvious mistakes that have been made in general policy and in details.

We all value an official who gets advice from as many sources as possible and we hope that this will be done in the discussions of the Director of Education. Above all things the men and women with practical experience should not be omitted.

In medical affairs we consult doctors, in engineering we consult engineers, in legal affairs lawyers; it is therefore reasonable to hope that in this matter of Education Teachers will be consulted.—Yours etc.

HONGKONG, October 24th, 1925.

KOWLOON BUS TRAGEDY.
EUROPEAN GIRL SUCCUMBS TO
INJURIES.

On Friday evening a serious motor accident occurred at Lai-chikok Road, Kowloon, when a motor bus, being struck by a passing motor-cycle combination, swerved over the embankment into a pool of water, and immediately burst into flames.

Little Bessie Mackay, the daughter of Mrs. Mackay of Jordan House, Kowloon, a passenger on the bus, was thrown out and sustained a fractured rib and other injuries. She was medically treated immediately and all possible care was exercised, but she succumbed to her injuries on Saturday morning. The utmost sympathy will be felt for the family in their sudden bereavement.

The only other passenger, an Indian warder, escaped with a severe shaking. The driver was slightly injured but the conductor escaped unhurt.

As the bus fell over the side of the roadway, the oil and gasoline became ignited and the whole wooden structure of the vehicle was practically destroyed before the arrival of the fire brigade.

It appears that a motor-cycle and side-car driven by Mr. Barrett of the Prison Department was attempting to pass the bus, when the driver moved to the left side of the road on the approach of a motor car coming from the direction of Yau-mat. The driver of the combination seeing the approaching car swerved to the left but the wheel of the side car struck the bus, causing it to leave the road.

MOTOR FERRIES.

EXTENSION OF TIME ON SUNDAYS
AND HOLIDAYS.

The Star Ferry Company, Ltd., has decided to increase and extend its service of the motor-car lighter on Sundays and holidays. This will be a boon to motor-car owners.

The Hon. Secretary of the Hongkong Automobile Association states that, it has been arranged by the Company that, commencing to-day, October 25th, two lighters will be engaged on Sundays and Holidays for the transport of cars across the harbour and that a 30-minute service will be maintained. The first lighter will leave Kowloon at 7.30 a.m., and the first from Hongkong at 8 a.m., after which a 30-minute service will be maintained from both sides (if necessary) until 7.30 p.m. This enlarged service will run only on Sundays and holidays.

It should further be noted that commencing to-day and thereafter all motor-cars landed and loaded on the Kowloon side will be handled at the southern end of the Wharf Company's premises immediately inside the main entrance (near Kowloon Police Pier) instead of at the foot on Navy Street as formerly.

HONGKONG, OCTOBER 26TH, 1925.

STOCK EXCHANGE QUOTATIONS.

The report of the Government Commission Enquiry into Stock Exchange business would have been of much greater value to the public if more attention had been given to the methods by which the prices of shares are fixed. This important point seems to have been almost entirely overlooked. There is a recommendation in the report certainly that the daily quotation list should include all transactions which are definitely authenticated, but that does not help us a great deal particularly as it is agreed that brokers must be allowed also to act as jobbers. On the London Exchange it would be a simple matter, at any time of the day, to secure two quotations for a share, the buying price and the selling price and the jobber, giving such quotations, would be absolutely in the dark as to whether he would be called upon to buy or to sell. He is perfectly prepared to do either. Under such a procedure there is a guarantee that the value of the share is regulated strictly by the supply and demand of the market. In Hongkong, there have been many complaints in the past that the prices at which shares are quoted in the official lists provide no assurance whatsoever that those shares may be obtained or disposed of at such figures. The figures may form some sort of basis for negotiation but that is about all. Perhaps, therefore, the Stock Exchange Committee will take the public into their confidence and let them know the system by which they arrive at their official quotations. We think the public have a right to such information and its publication would be good for the health of Stock Exchange business generally.

The opinion is strongly held in some quarters that the one great thing necessary for the prosperity of Hongkong is to keep the Share market "buoyant." Why? We agree that violent fluctuations are bad, but we have passed through the crisis, or are supposed to have done so, and should now be reaching firmer ground. A few months ago there is no doubt that many shares were inflated to an insane degree, owing partly to the influx of Chinese money from the mainland and partly to an orgy of speculation when sellers sold shares they did not possess and buyers purchased shares they could not hope to pay for—unless, of course the market went always in their favour. Since then prices have fallen to some extent and we should deprecate very strongly any artificial means being taken to make them soar again. Certainly we cannot sympathise with the view of the broker who informed the Government Commission that insistence on the payment of margins on all forward contracts would hamper forward business to such an extent as practically to cripple it and that without forward business it would be impossible to keep the "market up." Brokers ought to realise that it is not their business as brokers to keep the market up or to thrust it down. The market should be allowed to find its own level according to the amount of legitimate business offering. If prices can only be maintained by entering into speculative forward contracts with people who are unable to pay a ten per cent. margin it is time their prices fell. Otherwise there will be continued instability. But the Commission in pointing out the "desirability" of margins being paid only dealt with one side of the question and did not face the problem in any very practical way. When a broker is doing forward business with a client of whose financial stability he is a little distrustful we are sure he would be most happy to secure a margin in cash and would do his best to obtain one. In such a case it is not necessary for the Commission to point out to him the road he would gladly follow in his own interest. But let us suppose he is entering into a contract with a man who could easily buy Ice House Street, several times over. Is he still to ask for the ten per cent. margin and, if he asks for it, is he likely to get it? Let us suggest, for example, that Henry Ford came amongst us and decided to purchase twenty "Trams" at \$26 for delivery next month. Is there any broker in Hongkong or London who would refuse the order because he could not secure a ten per cent. margin. It is all very well for the members of the Commission to remark that a man who is able to pay if he loses should not object to depositing a margin. As business men they know perfectly well that in ninety cases out of a hundred, he would object. It would be a case of *amour propre*. The more money he had the more likely would he be to object. It is possible a rule that all margins should be paid to the Committee of the Exchange thus making such payment an integral part of the whole transaction, would prove salutary, but such a practice, we believe, is unusual, and it might have the effect simply of driving business away from the Exchange. It must be remembered that stocks and shares may be bought without the intervention of broker or Exchange and rules that are arbitrary or too restrictive will defeat their own object. Generally the question of margins is left to the common sense of the broker. He can, in the same way as the merchant, give or withhold credit. In Ice House Street, such has been the frantic desire to do business "at any cost," that credit was given all round. We know where that system leads, but we are doubtful whether a rule regarding margins, unless it can be very rigidly enforced, will meet the difficulty. That is the trouble with the Commission's Report all through. It is an excellent report. It goes thoroughly into the whole matter and gives some first-rate, fatherly advice, but we are inclined to agree with the broker who, in the *Daily Press* on Saturday, expressed the opinion that for all practical purposes "it leaves us just about as we were."

Saturday was the 38th anniversary of the birth of the Queen of Spain.

According to the Chinese calendar, Saturday was the festival of "Shuang Ching, or Frost's Descent."

Tenders are being invited, for the installation of two self-recording tide gauges at Kennedy Town and Shaikwan.

Alleged to have fatally stabbed an old man, during an argument about the disappearance of a metal paint scraper, a painter, who was charged with murder at the Kowloon Magistracy has been committed to take his trial at the Criminal Sessions. The deceased died two days after the act, the cause of death being acute peritonitis.

It is learned that the Rev. G. H. Lindsay, vicar of St. Andrew's Church, Kowloon, is well on the way to recovery. Mr. Lindsay had a bad attack of dengue fever and is still staying at the Vicarage. It is expected that he will still be confined to his house for about a week or ten days but he is making splendid progress. Mrs. Lindsay's "At Home" has been postponed from October 26th to Monday, November 9th.

Two sales of Crown Land will take place this afternoon at the Public Works Department's Office. The land to be disposed of consists of Shaikwan Inland Lot No. 336 and Rural Building Lot No. 296. The former Lot is situated opposite Shaikwan Inland Lot No. 330 and the latter at Mount Cameron. The Shaikwan Lot contains about 1,200 square feet and has an annual rental of \$12; while the upset price is \$1,240. The second Lot has an area of about 40,000 square feet and the annual rental is \$23; while the upset price is \$5,300.

FORTNIGHTLY MARKET REPORT.

REVIEW OF TRADE POSITION.

The following notes are taken from the fortnightly report of the Hongkong General Chamber of Commerce, dated October 23rd:—Cotton Piece Goods and Fancy Cotton Goods.—The hopeful tone evident when we last reported has been somewhat overclouded by subsequent bankruptcy of certain native dealers, and it is with regret we have to report the difficulties and closing down of a former wealthy and influential piece goods shop. The improvement in deliveries, although well maintained, shows no early promise of tangible improvement, while anti-British boycott continues unabated in Canton and certain coast ports. A considerable decline in *Ex Sakel* has transpired since we last reported and this *Sakel* is now quoted "Spot" 23.35d. Mid. Am. shows but little change at 11.3rd. "Spot." Cotton Yarn.—There is no change to report in the state of our market, which continues quiet. Prices have closed easier. Nominal quotations are as follows:—No. 10s., \$188/200; No. 12s., \$190/204; No. 10s., \$220/235; No. 20s., \$215/225. Arrivals: 1,750 bales. Shipments: *Nil*. Sales: *Nil*. Unsold stock: 9,500 bales. Bargains: 7,500 bales. Woollens.—No change. Raw Cottons.—There is no change to report. Metals.—Market stagnant with no business to report and no enquiries. Flour Market Report.—Stock: About 250,000 sacks. Market: Weak, and still affected by the boycott at Canton. Quotations (per sack): American Patent, \$4.10; American Straight, \$2.90; American Cut off, \$3.20; Shanghai Flour, \$2.25; Australian No. 1, \$3.20; Canadian Cut-off, \$2.90. Sundries.—No quotations available on account of existing conditions. Sugar.—Market dull. Saltpetre.—Quotation \$16.00. Reported sale, 1,200 bags.

SCHNEIDER CUP SEAPLANE RACE.

BRITAIN'S CHIEF HOPE CRASHES.
THE FINAL OF A SERIES OF ACCIDENTS.

BALTIMORE, October 25th.
Hinkler, piloting the reserve (Gloster) Napier, failed in the reliability test and the British team announced that they will not enter a second machine for the Schneider Cup unless the weather conditions necessitate a postponement of the race. Hinkler, half a mile from shore, nosed through the water of white-capped waves. The engine failed and the machine was towed in.

The Schneider Cup race has been postponed till to-morrow owing to strong easterly winds and rain.

Forecasts of unfavourable weather for to-morrow has caused a further postponement of the Schneider Race until October 26th.

HOPES CRASHED.

BALTIMORE, October 25th.
The specially constructed supermarine Napier S4 seaplane, with which the British had the highest hopes of winning the Schneider Cup from America to-morrow, crashed this morning and is totally wrecked. The pilot, Captain Biard, is suffering from immersion and shock but otherwise uninjured.

CHAPTER OF ACCIDENTS.

It is still possible that Britain will have two machines in the Schneider Cup seaplane race to-day. Berthelink, owing to a broken bracing wire failed to complete the navigability test with the reserve Gloster-Napier machine, but in response to the petition of American and Italian competitors, the referee agreed to allow the test to be carried out this morning.

The supermarine Napier S4, Britain's chief hope, which crashed in the navigability test yesterday has been brought ashore. The floats were shattered, the wings broken and the centre section splintered.

The crash of S4 is the final of a series of mishaps to the British team since they left England.

Firstly, Biard fell on the liner on the way to New York, fracturing small bones of his right hand; secondly a wind storm damaged the machine; thirdly, Biard caught cold forcing him to keep to his bed.

Biard was very nervous when he landed after the crash. He was wrapped in blankets and put to bed.

THE BULGAR-GREEK TROUBLE.

THOUSANDS OF REFUGEES CAMPING OUT.

GENEVA, October 25th.
The first communication received by the League Secretariat from Greece, complains that the Bulgarian troops occupy a blockhouse on Greek territory. A message from Sofia mentions further Greek artillery firing yesterday and an advance of Greek units. The Bulgars have so far evacuated ten villages of which seven were occupied by Greeks. Thousands of refugees are camping out in the open.

LEAGUE OF NATIONS.

Later.
Greece has informed the League Secretariat that her Minister at Paris, assisted by three Military Officers from Greece, will attend the Council's deliberations on the Greco-Bulgarian conflict.

GREEK FORCES CAPTURE TOWN OF PETRICH.

ATHENS, October 23rd.
It is reported from Salonika that the town of Petrich has been captured by the Greeks.

MILITARY OPERATIONS OVER.

Later.
A communiqué states that now the Greek troops have attained the objective of Petrich, the Greek military operations can be regarded as ended and that the incident will now enter on the purely diplomatic phase.

GENEVA, October 23rd.
A further telegram has been addressed to the League from the Bulgarian Government stating that the Greeks in combined operations have penetrated Bulgarian territory on a thirty-two kilometre front, to a depth of ten kilometres. It adds that the Bulgarian forces hitherto are three killed, and six officers and one soldier wounded, whilst seven are missing. Seven residents of the undefended town of Petrich have been wounded as the result of an artillery bombardment.

GREAT CYCLONE IN PERSIAN GULF.

FORTY VESSELS SUNK.

KARACHI, October 25th.
The cyclone which visited the Persian Gulf was the worst within living memory. According to Buhire telegrams forty vessels were sunk and the death toll is variously given at 1,000 and 7,000. Bahrain was the centre worst affected.

THE LOCARNO PACT.

RATIFICATION OF THE TREATIES EXPECTED.

BERLIN, October 25th.
It is anticipated that Ministers belonging to the German National Party in the Cabinet will retire as a consequence of the Governing Board of the Party passing a resolution, that the results of the Locarno negotiations are unacceptable.

A Government majority for the ratification of the Treaties is fully expected notwithstanding the defection.

GERMAN NATIONAL PARTY.

BERLIN, October 25th.
Though the Nationalist decision that the Locarno Treaty is unacceptable has caused considerable excitement, it is premature to speak of a Government crisis, the final word resting with to-morrow's decision of the German National Reichstag party.

Meanwhile President Hindenburg and Herr Luther and Stresemann have cancelled engagements and are remaining in the Capital to negotiate with the Party Leaders with the object of securing a settlement.

EVACUATION OF COLOGNE AREA.

COLOGNE, October 25th.
While nothing definitely is known of the future strength of the British Army of Occupation after evacuation of the Cologne area, it is considered certain that the strength will be considerably reduced.

It is anticipated that three battalions due under the regular troop arrangements for leave in January next will not be replaced.

No date has been fixed for the commencement of the evacuation of Cologne, but it is expected that the arrangements will be accelerated as the result of the Locarno negotiations.

CABLE RATES.

NO INCREASED CHARGES TO THE PUBLIC.

LONDON, October 25th.
A plenary meeting of the International Telegraph Conference adopted the increase in the maximum terminal transit rates mentioned on October 9th and October 14th.

It is understood that in practice the rates generally will not be raised, except in the case of Germany whose telegraph systems are working at a loss.

It is feared that Britain will come to an arrangement with all European countries not to increase rates either way except in traffic with France and Germany, but it is not certain that the increases will fall entirely on the public as regards the extra-European traffic.

It is understood that any possible increases decided by the governments will be absorbed by the cable companies.

OPERATIONS IN MOROCCO.

TAKING UP WINTER QUARTERS.

EEZ, October 25th.
Concerning the French operations on the Eastern Sector, there is no question of recess, but the occupation of winter quarters according to the precise carrying out of the pre-arranged plan of the French and Spanish staffs, fixing the line between Tizoulz and Souk-el-Bat.

POLISH MURDERER SENTENCED.

PRISONER CHEERED IN COURT.

WARSAW, October 25th.
A cable from Warsaw states that Murashko was sentenced to two years' imprisonment. After the verdict the people in the Court cheered the prisoner.

In March, as a sequel to the murder of two Polish Communist officers, who were travelling from Warsaw, to the Russian frontier, Murashko was arrested. The Polish officers concerned were sentenced to death for attempting to blow up a Warsaw fortress, but it was decided to exchange them with the Soviet for two Poles and a Polish priest who had been arrested in Russia. They were on their way to Russia when murdered.

Murashko was travelling in the same train, and according to a semi-official statement this man had suffered "perpetrated atrocities" at the hands of the Soviet authorities.

A message was received stating "Reading. Operation. Calcutta." This was followed shortly by the announcement that Lady Reading had been successfully operated upon and that her condition is satisfactory.

LEPROSY RESEARCH.

IMPORTANT DISCOVERIES.

LONDON, October 25th.
Important discussions upon the results of leprosy research occurred at the conference of the Medical Committee of the British Empire Relief Association with the Dominion and Colonial Medical Officers.

Sir Leonard Rogers suggested a scheme to distribute to all tropical colonies in 1926 the seed of *Hydnocarpus wightiana* and *Hydnocarpus anthelmintica*.

Doctor Muir discovered that pure ripe seed of the former, which grows very abundantly in Southern India, yields such pure oil that it is injectible, without conversion to Ethyl Esters, almost painlessly and with results at least as good as Esters at one-tenth the cost. The tree furnishing this oil will fruit in tropical lands in five or six years and for eight months a year.

EX-ENEMY PROPERTIES.

SIR FREDERICK LUGARD'S PROPOSALS.

GENEVA, October 25th.
The Commission discussing ex-enemy properties, agreed to Sir Frederick Lugard's proposals that each mandatory should be asked whether any such estates were sold or retained, whether the mandatory objected to their auctioning; whether there were ex-enemy properties or businesses other than landed estates and, if so, how they were dealt with.

SOUTH SEA ISLANDS.

The Commission yesterday completed its examination of the Japanese report on the administration of the South Sea Islands. Mr. Sugimura was cross-examined at length principally as regards the budget and then as regards the administration of the islands, especially with reference to the instruction. Mr. Sugimura was unable to answer some questions, not possessing sufficient information, and he said he would communicate with his Government.

BRITISH COMMUNISTS.

TRIAL AT BOW STREET OPENS.

LONDON, October 23rd.
Twelve of the arrested Communist leaders were charged at Bow Street with unlawful conspiracy to publish seditious libels and incite to mutiny. There was a large crowd outside the court, including fashionably dressed women and many young men and women wearing red badges. A section of the crowd sang the Red Flag. During a scuffle a police took into custody a man carrying a red flag.

Mr. Tom Mann was present in court. Sir Travers Humphreys, prosecuting, said the accused were prosecuted as leaders and principal executive officers of two illegal organisations, namely the Communist Party of Great Britain and the Young Communist League, which had received orders from Moscow. The prosecution's view was that all persons disseminating the doctrine of Communism were liable to prosecution for sedition. Communism, as explained by the accused persons, was illegal because it involved the forcible overthrow of the Government; creation of class war; and the seduction of the armed forces of the Crown from their allegiance.

The further hearing was adjourned until Tuesday.

WAVING RED FLAG OUTSIDE BOW STREET.

Frederick Gayton, described as a fitter's mate, was arrested for carrying a Red flag outside Bow Street yesterday. He was fined to-day £5 with the alternative of one month's imprisonment on a charge of insulting behaviour and assaulting police.

INTERNATIONAL FOOTBALL.

BELFAST, October 24th.

The international Soccer match between Ireland and England played at Belfast resulted in a draw, no goals being scored.

The weather was fine when the game started before an attendance of 35,000.

Both teams were slow at settling down; the Irish forwards made many dashing rushes but the English were soundest in defence.

In the second half, the play was more energetic, the Irish half-backs doing some fine spoiling work. The English forwards lacked combination, but improved towards the end. A draw was a fair reflex of the game.

MR. HAYLEY MORRIS AGAIN REMANDED.

BAIL NOW ALLOWED.

LONDON, October 23rd.

Hayley Morris and Madeline Roberts were again remanded at Uckfield Police Court. Morris was granted bail of £10,000 and Roberts £400.

The prosecution alleged that the accused were engaged in a conspiracy with the object of systematic seduction of young women and girls procured by means of advertisements in papers, or through the agency of registry offices, representing that the girls' services were required as maid companions to Roberts or to look after the dogs. The only qualifications necessary were apparent youth and attractiveness.

The prosecution arose out of a complaint to the police by the father of a girl employed as a result of the advertisement.

The witnesses for the prosecution included the accused woman's 15-year old sister, who burst into tears when asked about her relations with Morris and sobbed out "Can't you take it from the statement I made the other day."

East Monday's cables stated:—Mr. Hayley Morris, aged 37, living at Pippingford Park, an estate of a thousand acres at Nutley, Sussex, and his housekeeper, Madeline Roberts (20) were charged at Uckfield Police Court to-day with conspiring to procure a girl of fifteen "in order that Morris might sexually know her." Both were remanded and bail refused. Morris is well-known in Sussex and is very wealthy, having made his fortune in China.

UNUSUAL STEP TAKEN BY THE CABINET.

PARIS, October 24th.

With reference to newspaper reports of yesterday's Cabinet meeting, the Ministry of Finance took the unusual step of issuing a communiqué, wherein it denies that M. Caillaux urged the Cabinet of the necessity of fresh inflation or that any Minister urged M. Caillaux to limit the scope of his speech. The communiqué adds that M. Caillaux will naturally not refer to plans not yet fully discussed by the Cabinet.

CRISIS INEVITABLE.

PARIS, October 24th.

According to the newspapers yesterday's Cabinet meeting was most heated. They declare that the Minister of Justice strongly attacked M. Caillaux for not yet producing a complete plan.

M. Caillaux was vigorous in self-defence and refused to resign except as a result of a vote in Parliament. Addressing M. Painlevé he is reported to have said "I will leave with you, my dear Prime Minister." Opinion in the Lobby is that a crisis is inevitable.

SITUATION IN THE NORTH.

SUPPORT FOR WU.

PEKING, October 23rd.

Wu Pei Fu claims that fourteen providers are supporting him against Chang Tso Lin.

A conference of the leading militarists at Hankow elected Wu Pei Fu Commander-in-Chief of the Allied forces.

He leaves for the North to-morrow.

Feng Yu Hsiang has apparently decided to join the anti-Mukden faction. His follower, the Tupan of Honan, is already co-operating with Wu Pei Fu.

MANIFESTO TO LEGATIONS.

Wu Pei Fu has forwarded a manifesto to the legations, through the Consular authorities at Hankow.

Unofficially it is reported that the manifesto requests the Powers not to give arms, ammunition or loans to the Central Government, and does not agree to the opening of the tariff conference while the present Government is in power.

FENG'S DETERMINATION.

PEKING, October 24th.

Mr. Hsueh Tu Pi has returned from Paotoucheung and he reports that Marshal Feng Yu Hsiang is determined not to participate in hostilities. Mr. Huang Fu left for Paotoucheung yesterday on behalf of the Government to ascertain Feng's attitude. Representatives of Chang Tso Lin, Wu Pei Fu, Sun Chuan Fang and others are also at present at Paotoucheung.

Feng Yu Hsiang's detractors allege that he is waiting to see which side is winning before declaring himself, or waiting for the highest offer, while his supporters assert that he is desirous of mediating between the contending factions so as to promote peace.

Mr. Tang Shao Yi informed Reuter that Wu Pei Fu had offered him the chairmanship of the Central Alliance (provinces), but Tang deprecated the creation of another Government which would only complicate the situation.

He also urged that Wu Pei Fu should not attempt a restoration of Tsao Kun which would only entail a recognition of the so-called constitutional parliament.

Mr. Tang considered it necessary to start with a clean slate, adding that if the alliance was able to turn out the Peking Administration, he would be ready to co-operate.

Wu Pei Fu seems to have accepted Mr. Tang's advice but Mr. Tang is awaiting a more definite statement of Wu's policy.

As regards reports of the impending Manchuria restoration, Mr. Tang said that the Manchurian conquerors had brought Manchuria a dowry of a China and Manchuria union. The Chinese people had thrown out the Manchus and the former Emperor, Tsuan Tung, ought to be allowed to resume sovereignty over Manchuria. In this connection Mr. Tang Shao Yi referred to Japanese expansion on the mainland, as if the Manchukuo kingdom would meet the case.

NOT REPLYING.

The Diplomatic Body has decided not to reply to the manifesto sent to the various Legations by Marshal Wu Pei Fu, which is reported to have requested the Powers not to give loans to the Central Government for the purchase of arms and not to agree to the opening of the Tariff Conference while the present Government is in power.

Mr. Finley Johnson, speaking on the subject of "The Spirit of Liberty" as exemplified by the Declaration of Independence, said this Spirit of liberty was now being felt here in China, and as in other lands it has not advanced without opposition.

However, concluded Mr. Johnson, "it cannot be shot to death and neither can it be locked up behind prison doors."

COMPANY MEETING.

DAIRY FARM, ICE AND COLD
STORAGE CO., LTD.

The 20th ordinary annual meeting of shareholders of the Dairy Farm Ice and Cold Storage Co., Ltd., was held on Saturday morning, at the office of the Company, Lower Albert Road, Mr. D. Cousland presided, and there were also present: Mr. T. G. Weall, Mr. J. M. Austin and Father Robert (Director), Mr. A. Stevenson (Manager), Mr. J. Manuk (Secretary), and the following shareholders: Messrs. E. Abraham, L. Bridger, P. Tester, C. Makeham, Chan Nai Pan, Wong Chung Ho and F. X. V. Ribeiro.

After the Secretary had read the notice convening the meeting, the Chairman said:—Gentlemen,—The report and accounts having been in your hands for some days I will, with your permission adopt the usual procedure and take them as read. Your Directors are pleased to be able to submit such a satisfactory report in spite of adverse local conditions. By economy in working and very careful buying there has been a net working profit of about \$25,000 more than last year.

The balance at credit of profit and loss account for the year after writ off \$100,016.68 and providing \$7,000 for bad and doubtful debts, amounts to \$230,681.74 which includes the sum of \$8,500.61 brought forward from last year. This amount your Directors recommend shall be dealt with as follows:—

Pay dividend of \$1 per share on 200,000 shares \$200,000.00
Add to fire any typhoon insurance fund 6,794.74
Carry forward 13,887.00

In the previous year of the Company's working we made a profit of \$92,000 of the sale of our Kowloon property, which made possible a dividend of \$1.50 per share. In the absence of such a profit during the period covered by present accounts, your Directors cannot recommend any larger dividend than the \$1 per share as mentioned.

The amount written off various accounts is slightly more than last year. In the 1924 accounts there was an exceptional amount of \$20,457.53 written off for bad and doubtful debts. This year there has been appropriation for that purpose the sum of \$7,000. It is almost impossible to gauge our bad accounts at the present time but your Directors feel confident that the above amount is more than ample. During the year our New East Point plant and stores came into complete operation, and it was thus possible to close down our Laichikok works and transfer all our stores, etc., to East Point. By doing so we hope to effect a considerable saving in this department both in fuel and labour. We have now thoroughly up to date plant and stores, and are thus in a satisfactory position to meet all demands for storage accommodation and ice.

Appreciation of the milk supplied by the Company was shown by the increased number of customers and greater quantity sold up to the time of the strike, which unfortunately interrupted the progress made. I am glad to state, however, that a steady recovery is now being effected. The health of the herd is good. During the year 49 head were imported to cope with the demand, and the total now stands at 1,043 head.

Early this year the Company's Secretary was asked to visit Australia and New Zealand and I am glad to say the result of his visit was most profitable to the Company. While there Mr. Manuk entered into agreements for the sole agencies in Hongkong and China of the "Daisy" Brand butter of Messrs. Prescotts, Ltd., and the "Anchor" Brand butter of the New Zealand Co-operative Dairy Co. Both these butters are the premier brands exported from Australia and New Zealand respectively.

In view of the new agency arrangements just mentioned, your Directors decided to open a branch of the Company at Shanghai. This was done in June and is in charge of Mr. Letton, formerly a director of Messrs. Prescotts, Ltd. Mr. Letton was engaged for this purpose by Mr. Manuk during his visit to Australia. Mr. Letton has had 20 years' experience in Dairy Produce business, and under his management the Shanghai branch has so far done very well and we expect greater results in the near future.

I should like to say that your Directors have found Mr. Manuk's annual visits to Australia to be of great importance and benefit to the Company and are well satisfied with the results attained. These visits enable us to keep in close and intimate touch with our suppliers and the market in general.

The political unrest and boycott in June began taxed the resources of your Company to its utmost, but as you are aware we were able to cope with all demands and keep the Colony supplied, thanks to our practice of carrying heavy stocks of meat and butter, and also to the presence of your Secretary in Australia, who was able to secure extra supplies and freight space for our requirements. The European staff, and some of our Chinese staff, who remained loyal, worked most willingly throughout the trying period, and their services have been suitably recognized by your Directors.

The Company's property and machinery are shown at a very conservative valuation in the balance sheet. You will be pleased to learn that the leases of our Pokfulam properties have all been renewed on a uniform basis and will continue in force for the next 31 years. We gave up certain building sites to the Government for which we received other sites adjoining our present property. The Company's investments as shown in the balance sheet are well under their present market values, but as there are no official quotations we have refrained (Continued at foot of next Column.)

YACHTING PROGRAMME.

The yachting programme for the first half of the racing season of the Royal Hongkong Yacht Club has been arranged as under:—Next Saturday, October 31st, start of the championship for the racing classes, to be continued on November 7th, November 21st, December 5th and December 19th; November 25th, start of the cruiser championship with the usual race to Tathong, with a race round Hongkong a month later on the island on the port hand instead of the starboard as last year; November 14th, Opening Cruise; November 18th, Ladies' Championship begins and will be continued on November 22nd, December 2nd and December 21st; November 22nd, Naval Day; December 2nd, St. Andrew's, St. George's; Boxing Day (December 26th), the race to Macao for the Potts Challenge Cup. A very full and interesting programme has been arranged in connection with the Opening Cruise on November 14th. The date has been selected so that it will not clash with any other event in the Colony and it is expected that there will be a large attendance of members and friends present. The programme will include an event for cruisers, three races in the racing class, and a series of races for gigs, whalers and cutters from the ships of the Royal Navy. There will also be two races for fours and a race of collapsible life-boats from submarines on the rowing side.

ROWING.

There should be some well-balanced crews competing for the annual Hongkong Fours race and for the rowing event which will take place on the day of the Opening Cruise and Ladies' Day at the Yacht Club, namely November 14th. On this day there is to be a regatta between the Yacht Club and the Royal Navy. On previous occasions the Navy has always got the better of the Club oarsmen, but it is hoped that this year a strong enough crew will be made up to turn the tables on the naval men. Out of twelve men who have been in training for sometime, a four is to be picked, following the rowing of a final race by the twelve on November 7th.

The crews selected by the rowing captain, Dr. E. P. Minett, and approved by the rowing committee for the trial race are as under:—1, A. C. Groves, R. Baasussen, H. Dreyer and R. M. J. (str.); 2, E. S. Carter, Smith, W. R. Andrews and C. B. Easterbrook (str.); 3, R. S. Keen, G. T. Padgett, V. R. Jones and K. S. Robertson (str.).

It is from the above that the four to represent the Navy will be selected. The Navy crew that have been chosen to oppose the Yacht Club's representatives are Lt. Richardson's rowing team, Lt. Emsley's 3, and Pay, St. L. Heighon str., with Lt. Slade as Cox. No. 1, is from H.M.S. *Hermes*, No. 2, is from H.M.S. *Indra*.

The selection committee who will choose the crew to represent the Club at the trial race consist of the Hon. Mr. C. McI. Messer, O.B.E., Mr. A. L. Shields and Mr. R. L. Moncrieff. The eight men not chosen will row a scratch fours race on the day of the Opening Cruise.

From giving the market valuation as formerly, I need hardly reiterate the fact that everything possible is done to supply the Colony with pure food of the highest quality and the thanks of the Directors and shareholders are due to the Manager, Secretary, and their efficient staff, for maintaining the standard of excellence which is always associated with this Company's supplies. With these remarks I beg to propose the adoption of the report and accounts.

NAVAL BOWLING MATCH.

EXCITING FINISH.

A bowling match took place on the Hongkong Club Alleys on Saturday night between teams of four representing H.M.S. *Hercules*—led by Comdr. Hudson, a bowler of note when in China a few years ago—and H.M.S. *Porpoise* led by Lieut. Hubbard who holds the record score for Shanghai and Tientsin. The match was played before a small but enthusiastic audience and ended in a tie amid scenes of great excitement. Lieut. Comdr. Acland (*Hercules*) scored the highest total (105) followed by Comdr. Hudson and Lieut. Hubbard.

This we believe is the only instance on which a bowling match has ended in a tie in Hongkong.

HOCKEY.

NEXT WEDNESDAY'S GAME.

On Wednesday a fine game should be witnessed between the Hongkong Hockey Club and an all-Navy XI.

This season, the Navy is expected to be at great strength and next Wednesday's match will give some of their best men an opportunity of playing together against the Club.

It is stated that there is coming to the *Carlisle* an international outside left by name of Fleet, who played for England against France last year. The Navy also have Lieut. G. Sillitoe, R.M., of H.M.S. *Hermes*, at centre forward, Lieut. R. A. Nicholson, R.N., of H.M.S. *Peterfield*, is a South of England inside right. Two good players are also said to be on, or joining, H.M.S. *Durban*. One is McKenzie, who is a Home Navy player and Scottish international half. The other has also represented the Navy at inside left and his name is given as Clarke.

There is also abundant talent in the Club eleven, several being players with imposing reputations at Home.

WATER POLO.

This evening the Water Polo League fixtures will be completed at the V.R.C. There are two games down for decision. In one the K.B.S.F.P.A. "A" will oppose the East Surrey Regiment, and in the other the V.R.C. "A" meet the Hongkong Electric Company.

There is not much doubt but that both the K.B.S.F.P.A. and the V.R.C. will win their games, and in this event they will have to meet each other in a final match to decide the championship of the League, as at present they each have the same number of points.

It is proposed to play the final sometime toward the end of this week and it will be followed by a smoking-concert. At this function the shield, which is at present held by the K.B.S.F.P.A., who won it last season from the V.R.C., will be presented to the winners of the League and the medals for the players will also be distributed.

QUEEN'S THEATRE.

At the Queen's Theatre, the Colony's premier picture-house, last night D. W. Griffith's fine production, "The Mother and the Law," with Mae Marsh in the leading role, was screened. This picture, which portrays a romance of to-day, based upon the modern story in "Intolerance," will be shown again at to-day's performance.

To-morrow the film that packed the Albert Hall for four weeks and which is now drawing tremendous crowds in New York, namely "The Nibelungs," will be the attraction in the changed programme.

THE DIRECTORY covers the notable events, ports and cities of the Far East, from Netherlands India to Siberia, in which European reside.

Not only is the Directory as full and complete in each case as it can be made, but each Colony, Port or Settlement is prefaced by a DESCRIPTION, carefully revised each year, the majority of which will serve as an accurate GUIDE FOR THE TRAVELLER, giving every detail in connection with the place, their History, Topography, etc.

The information in these Descriptions, consisting of a hundred interesting articles, packed with facts concisely set out, and containing statistics of the TRADES of each Country and port, would alone suffice to fill a large volume.

The Book is printed from New Type specially reserved for the purpose, and uniformity in every arrangement greatly facilitates reference.

Besides the usual Alphabetical List of Firms, the Directory gives the CLASSIFIED LIST of TRADES and PROFESSIONS at the largest Commercial Centres.

The ALPHABETICAL LIST of RESIDENTS in the Far East contains the names of over 20,000 FOREIGNERS.

arranged, with the initials as well as the Surnames, in strictly Alphabetical Order, so that any name can be found instantly.

ENGLAND ON THE SCREEN.
HINTS FROM BRITAIN TO U.S. PRODUCERS.

The news has just been announced that one of the bigger American film companies is going to produce pictures in England. The plans are ready. Work is to begin in a few weeks' time. A promise has been given that some, at least, of the producers and players shall be British, that the finished works shall be internationally advertised as "British-made pictures," and that subjects of British life and interest shall find a place among the other stories chosen for representation on the screen.

It is with the earnest wish to be helpful, writes a correspondent of the *Manchester Guardian*, that I have drawn up, for the guidance of this company, a short, alphabetical table of the people and properties of Great Britain as the camera has seen them in the years gone by. My list is necessarily incomplete. It includes only those details of English life which have come into my personal experience of picture-going. But if it saves only a little labour, expense, and reference to the films of this or any other company's yesterday I shall feel that my effort has not been altogether wasted.

There is no rain.

Spittoons: These are made of brass in the best English homes.

Here, at present, my guide-book ends. I hope it will be acceptable to the new company. They will notice that I have taken to heart the speech made only a few months ago by one of their chief directors, in which he begged—nay, more imperiously, commanded—English writers to give up their "continual and unwarranted criticism" of American studies of English life.

I, for one, have accepted them. He cannot quarrel with my guide-book. It is offered to the country that suggested it without any criticism at all.

"I will never wear sideburns," I will never wear spats. I will never polish my fingers." This was the farewell letter of E. McClinton, steamship purser, to his wife, offered in evidence recently in her suit for annulment of marriage. "I will not have time to improve my dancing. The debbie I contracted in your behalf will keep me too busy," wrote McClinton. "Get your divorce." But freedom was not to be had, because the judge refused the plea for annulment of the marriage.

"REDUCING."

HOW TO KEEP THAT SLIM OUTLINE.

No question of superfluous flesh and fat can be reduced is one which troubles hundreds of women. For those whose weight is far in excess of what it should be, treatment involving both perspiration and self-denial is necessary. As reduction of superfluous fat must be gradual, and the least harmful way of effecting a reduction is by exercise and diet. Drastic treatment and drugs should never be resorted to except on a doctor's advice.

HARMFUL TO HEALTH.

Girls who become over-plump between the ages of fourteen and twenty will thin down naturally in the course of time, and no account should be allowed to make any efforts to reduce either by dieting or medicine, or they may do lasting harm to their health. On the other hand, women inclined towards obesity frequently find a decided increase in weight towards the age of thirty-five and forty. It is often the result of leading an inactive life, and doing more than is necessary without regard to food values. In such cases diet and exercise are the safest means to employ in order to get rid of the excess weight.

DIETS "DO'S" AND "DON'TS."

All starchy foods, such as bread, pastries, potatoes, and all sugars must be rigidly avoided. Carrots, parsnips, turnips, peas, and beans also come under the same ban; likewise cream, chocolate, and bon-bons of any description.

Fish, eggs, toast with a thin layer of butter, chicken, underdone meat, and plenty of fruit are permissible. No food should be taken between meals and no liquid taken with meals, except at breakfast time.

A glass of hot water to which has been added the juice of a lemon should be taken first thing in the morning. All liquids are fattening, and not more than three pints should be taken daily.

Semi-starvation is to be greatly deprecated, and will only result in ill-health. The diet outlined should only be enforced till the correct weight has been attained.

(Continued on next column).

JUDGE'S REFUSAL.

NO ALIMONY FOR THE CHILDLESS.

In these days of sex equality there is no reason why divorced husbands should be compelled to contribute to the support of wives who have not borne them children, argued Mr. Justice Selah Strong in a recent case in the New York Supreme Court.

He announced that he would not in future agree to any scheme by which a childless woman could force alimony from her husband. He cited a case in which a man had been impoverished by paying temporary alimony to his wife, who had succeeded in postponing the hearing of her case for five years.

His pronouncement followed his refusal to grant alimony to a woman who sought \$5 a week and \$50 counsel's fees pending the hearing of her case. "If a woman tires of the marriage bargain or decides that she no longer loves her husband or can no longer stand his treatment," he said, "let her separate from him. There is no law that compels a woman to remain in her husband's home."

"I believe alimony keeps couples from becoming reconciled. A woman who is being supported by her husband under an order of the court is, generally speaking, not very anxious to effect a reconciliation."

The judge added that court records show that there are twenty separation cases to every divorce; and this convinced him that women want only alimony.

PLENTY OF OUTDOOR EXERCISE.

The plump woman must not spend too many hours in bed; her mattress should be hard and her bedclothes light but warm. Plenty of outdoor exercise daily is essential. Walking is one of the best of exercises; hill-climbing is very good for those anxious to reduce, but should not be undertaken unless the heart is quite strong.

Tennis, golf, and dancing will all help to effect a reduction, but while one may be less strict with regard to diet once the desired weight has been attained, exercise must never be neglected.

SHIPPING NOTES.

The week-end shipping statement showed that the total number of vessels in the harbour at 9 a.m. on Saturday was 68, of which 35 were British. The total number at the same hour yesterday was 68, of which 34 were British.

The arrivals for the twenty-four hours ended at 9 a.m. on Saturday were 10, of which four were British, one French, two American, one Spanish, one Japanese and one Chinese. The departures for the same period numbered 12. For the twenty-four hours ended at 9 a.m. yesterday there were 10 arrivals, of which two were British, six Japanese and two Chinese. Departures numbered 12.

The river-boats *Ng Tai Chue* and *Hoi Wing* that usually ply between Malacca and Sunning, recently have had some little trouble in Malacca, says the *Dagblat de Malacca*. Upon arrival in Malacca the crew were all ordered by the strikers to leave the ships and they forthwith proceeded to do so. The owners of the *Ng Tai Chue* were able, however, to muster a crew to enable the vessel to proceed to Hongkong for docking.

The Chinese steamer *Hu Nan*, which left Hongkong for Shanghai on Thursday, was warned on arrival at Sa Mun that it would be dangerous to proceed to her destination, as a large number of defeated Red troops had gathered there from the Haiphong district. She accordingly returned to Hongkong late on Friday, with all passengers and cargo.

VESSELS EXPECTED.
